```c
#include<stdio.h>
#include<conio.h>

int main()
{

    int m,n,i;
    printf("Enter starting number");
    scanf("%d", &m);
    printf("Enter last number");
    scanf("%d",&n);

    if(m>n)
        printf("Error");
    else
    {

        printf("Even numbers from %d to %d are:" ,m,n);
        for(i=m;i<=n;i++)
        {
            if(i%2==0)
            {
                printf("%d \t",i);
            }
        }
    }
    return 0;

}
```

Output: Enter starting number10
Enter last number20
Even numbers from 10 to 20 are:10   12   14   16   18   20
